Donations to Tameside Oldham and Glossop Mind

Thank you very much for your two donations this year to Tameside Oldham and Glossop Mind of £500 each. The donations are very much appreciated and have been used to develop our work raising awareness of mental health issues and building resilience in young people in the North West of England.

The money has funded assemblies and drop-in sessions at local schools. We are now working on a programme of outdoor workshops to improve self-awareness and resilience and help young people deal with challenges in a constructive way.

Once again, thank you very much for supporting us.

Yours sincerely

 Broadbent
